Introduction

California law mandates that clinical laboratory scientists, specialists, and phlebotomists be licensed or certified by the Department of Health Services Laboratory Field Services Branch to ensure accurate and reliable clinical laboratory testing in California. The purpose of the Laboratory Personnel Website is to assist you to confirm the validity of clinical licenses and certificates with this searchable list online. Appearance on the list as active verifies the current validity of any license or certificate.

Please note that this searchable list is as accurate as current information allows. However, new licenses/certificates or those in renewal that are not listed may still be in the process of being updated. So if you have any concern about information posted on this website, or the license that was searched for contains a non-active status, please contact LFS using the email link provided on the main page of this website or call the LFS main telephone line at 510-620-3800 for further verification.

Accessing Laboratory Personnel Website

To access the Laboratory Personnel Website:

1. Open your Internet browser.
2. Enter <http://www.applications.dhs.ca.gov/lpw/>
3. The following main page will be displayed. In addition to the introduction of this website, we see that there are three things of interest to you:
 - The date the database was last updated
 - The link to start clinical license search
 - The link to email us your comments or concerns about information posted on this site

The screenshot shows the Laboratory Personnel Website interface. At the top, there is a navigation bar with links: California Home, CDHS Home, CDHS Comments, CDHS Search, and CDHS Organization. The date Monday, September 18, 2006 is displayed on the right. Below the navigation bar is a banner with the text "Welcome to California" and a collage of California images. The main content area is titled "Laboratory Field Services Branch" and "Laboratory Personnel Website". It includes a search bar with a "Search" button and links for "My CA" and "This Site". The page states "Database Last Updated 9/18/2006" and provides a link "Click Here to Search". A paragraph explains that California law mandates licensing for clinical laboratory scientists, specialists, and phlebotomists, and that the purpose of the site is to assist in confirming the validity of licenses and certificates. A section titled "Tool Box" includes a link to "Acrobat Reader" and a note that the Adobe Reader is required to view documents. A map of California with the "dhs" logo is also present. Three annotations with arrows point to specific elements: "Last database update date" points to the "Database Last Updated 9/18/2006" text; "A link to the search page" points to the "Click Here to Search" link; and "A link to email LFS your comments or questions" points to the "please click here to send an e-mail to LFS Webmaster" link in the footer.

Laboratory Personnel Website

Database Last Updated 9/18/2006

[Click Here to Search](#)

California law mandates that all clinical laboratory scientists, specialists, and phlebotomists be licensed or certified by the Department of Health Services Laboratory Field Services Branch (LFS) in order to seek employment in California. The purpose of this site is to assist you to confirm the validity of licenses and certificates with this searchable list online. Appearance on the list as active verifies the current validity of any license or certificate.

This webpage will allow you to search by license/certificate number, last name, or full name. Names may appear more than once if they have multiple licenses/certificates. License/certificate status includes: New license, Renewed license, Expired license, and Inactive license.

A sixty-day grace period for renewals is granted to allow the Department process his/her trade beyond the license expiration date through the end of the grace period.

No grace period is granted for cytology and phlebotomy licenses/certificates. These licenses/certificates must be renewed by the expiration date.

Please note that this searchable list is as accurate as current information allows. However, if you discover an error or have a concern, [please click here to send an e-mail to LFS Webmaster](#) or telephone LFS at 510-620-3800 and the listing will be investigated for accuracy and possibly updated. Sending an e-mail will allow us to respond more quickly to your message.

Validating a License

The Laboratory Personnel Website provides three methods for retrieving and validating clinical licensing data:

- **Search by License Number** – This is the fastest and most direct way of validating a given license number.
- **Search by Last Name, First Name and Category** – This method should be used when you know the exact spelling of a scientist's name.
- **Search by Last Name and Category** – This is the most exhaustive search method and may produce numerous matches.

Search by License Number

After clicking the link to the search page, the Laboratory Personnel License Search page should appear. From the example below, we see that the user has selected the "Search by License Number" option and is looking for information about a clinical license of "MTE" license type and license number equals 7654321. It is not necessary to enter the leading zeros.

The screenshot shows the "Laboratory Personnel License Search" page. The page has a blue header with navigation links: [California Home](#), [CDHS Home](#), [CDHS Comments](#), [CDHS Search](#), and [CDHS Organization](#). The date "Monday, September 18, 2006" is displayed on the right. Below the header is a "Welcome to California" banner with various images. The main content area is titled "Laboratory Field Services Branch" and "Laboratory Personnel License Search". It features a search form with the following fields: "License Type" (a dropdown menu with "MTE" selected), "License Number" (a text box containing "7654321"), "Last Name" (a text box), "First Name" (a text box), "Last Name Suffix" (a text box), and "Category" (a dropdown menu with "(ALL)" selected). There is a "Search" button and a "Back to Main Page" link. On the left side, there is a sidebar with links: [CDHS Home](#), [Printer Friendly Version](#), [Prevention Services Home Page](#), [Division of Laboratory Science Home Page](#), [Laboratory Field Services](#), and a "Tool Box" section with an Adobe Acrobat Reader icon. Three callout boxes with arrows point to specific elements: "Click on the first option" points to the "MTE" option in the "License Type" dropdown; "Select a license type" points to the "License Type" dropdown menu; and "Enter the license number" points to the "License Number" text box.

After selecting a license type and entering the license number, press the “Search” button. If a match is found, the license information is retrieved directly. If a scientist holds several clinical licenses, all licenses related to the scientist will be displayed as we can see from the page below.

[Return to Search](#) [Back to Main Page](#)

Press the “Return to Search” button to view your original search criteria or start a new search. Or, click [Back to Main Page](#) to exit out of the search when you are done.

When we click the “Return to Search” button on the result page, the search screen reappears with our original search criteria, as we can see from the screen shot below. Press the “Clear Screen” button to remove existing search conditions.

The screenshot shows the 'Laboratory Personnel License Search' page. At the top, a navigation bar includes links for California Home, CDHS Home, CDHS Comments, CDHS Search, and CDHS Organization, along with the date Monday, September 18, 2006. Below this is a 'Welcome to California' banner with various state icons. The left sidebar contains links for CDHS Home, Printer Friendly Version, Prevention Services Home Page, Division of Laboratory Science Home Page, Laboratory Field Services, and a Tool Box with an Adobe Acrobat Reader icon. The main content area is titled 'Laboratory Field Services Branch' and features a search form. The form includes a 'License Type' dropdown set to 'MTE', a 'License Number' field with '7654321', and radio buttons for 'Last Name', 'First Name', and 'Last Name Starting With'. A 'Category' dropdown is set to '(ALL)'. At the bottom of the form are 'Search' and 'Clear Screen' buttons, and a link to 'Back to Main Page'. Annotations include a box labeled 'Original search criteria' with arrows pointing to the 'License Type', 'License Number', and 'Category' fields. Another box labeled 'Press the “Clear Screen” button to clear existing search criteria' has an arrow pointing to the 'Clear Screen' button.

dhhs

After entering the last name, first name and category, press the “Search” button. When the search results in multiple matches, you will be asked to select from a drop down list as we can see from the screen below. To view the licensing details, click on the arrow to review the possible candidates and select a name from the drop down.

This screenshot shows the 'Laboratory Personnel License Search' page. The header includes navigation links (California Home, CDHS Home, CDHS Comments, CDHS Search, CDHS Organization) and the date 'Monday, September 18, 2006'. A banner reads 'Welcome to California'. The left sidebar contains links for 'CDHS Home', 'Prevention Services Home Page', 'Division of Laboratory Science Home Page', 'Laboratory Field Services', and a 'Tool Box' with an Adobe Acrobat Reader icon. The main content area shows 'Search results in 4 matches.' and a dropdown menu labeled 'Select a name for details'. Below the dropdown are buttons for 'Return to Search' and 'Back to Main Page'. A callout box with an arrow points to the dropdown arrow, stating: 'Click on the arrow to view the list of matching scientist names'.

This screenshot shows the same page as above, but with the dropdown menu open. The dropdown list contains the following entries: 'Select a name for details', 'LEE, JAMES', 'LEE, JAMES', 'LEE, JAMES C', and 'LEE, JAMES S'. The entry 'LEE, JAMES C' is highlighted. A callout box with an arrow points to this entry, stating: 'Click on the desired entry'.

The above selection produces the following result. From the details shown below, we see that "James C Lee" has only one license. Had he had more, all other licenses information would have also been displayed here.

Search by Last Name and Category

This is the most generic of searches as all that is required is a partial last name and a category. From the page below we see that the search is performed using last name "jones" and a category of "Clinical Laboratory Scientist". This search could also be performed using a partial last name of "jon" or even just "j". The more specific the name then the less possible matches will be returned.

From the result shown on the following page we see that there were 72 matches to the query. It should be noted again that if the partial name were used as suggested on the prior page, the query would have most certainly returned more records. Select the desired scientist name to view licensing details.

The screenshot shows the "Laboratory Personnel License Search" interface. The page header includes navigation links (California Home, CDHS Home, CDHS Comments, CDHS Search, CDHS Organization) and the date "Monday, September 18, 2006". A "Welcome to California" banner is present. The left sidebar contains links for "CDHS Home", "Printer Friendly Version", "Prevention Services Home Page", "Division of Laboratory Science Home Page", "Laboratory Field Services", and a "Tool Box" with an Adobe Acrobat Reader icon and a note about the Adobe Reader requirement. The main content area is titled "Laboratory Field Services Branch" and features a search form. The form has three radio button options: "License Type" (set to "CLM"), "Last Name" (with empty fields for Last and First Name), and "Last Name Starting With" (set to "jones"). Below these is a "Category" dropdown menu set to "CLINICAL LABORATORY SCIENTIST". There are "Search" and "Clear Screen" buttons, and a "Back to Main Page" link. Three annotations with arrows point to specific form elements: "Click on the third option" points to the "Last Name Starting With" radio button; "Enter full or partial last name" points to the "jones" text in the "Last Name Starting With" field; and "Optionally select a category" points to the "CLINICAL LABORATORY SCIENTIST" dropdown menu.

Whom should I contact for help?

If you discover an error or have a concern about the validity of license information posted on this site, you can contact LFS Webmaster using the email link provided on the main page of this website. When referring to an individual's license record, please be sure to include that person's full name and license number. If you wish to discuss any issues that may require the inclusion of privacy or confidential data, please call the LFS main telephone line at 510-620-3800.
